25X1 1. [ ] response to a call on his behalf yesterday, spoke to Brady Williamson, Legislative Assistant to Senator Dick Clark (D., Iowa), and told him he would be welcome to accompany the Senator to the briefing session at Headquarters on Friday, 6 June, if this was the Senator's desire.

25X1 25X1A 2. [ ] Accompanied [ ] OCI, to a briefing of Senator Dale Bumpers (D., Ark.) and Eric Foreman, temporarily on his staff, on the ~~Middle East~~. The Senator agreed to the groundrules covering the briefing which went very well and he said he would be looking forward to having similar sessions with us in the future.

While waiting for the Senator, we had an opportunity to engage in a fairly free-ranging discussion with Foreman in which we were able to put in a plug for the intelligence sources and methods legislation.

25X1 3. [ ] Left for Ms. P.J. Summerville, in the office of Senator Mike Gravel (D., Alaska), unclassified, non-attributable information on [ ] negotiations in response to her earlier request.

25X1 4. [ ] Advised Prissy, in the office of Representative Robert Macdonald (D., Mass.), that the TASS item which had been attributed to her member rather than Representative Larry McDonald (D., Georgia) was not carried in our daily reports and that it was my understanding from Fred Smith, in Mr. Larry McDonald's office, that the error had occurred in the Congressional Record. She said that Mr. Macdonald wanted TASS to correct this and in response to her request, I informed her how to get in touch with the TASS representative in Washington, as listed in the Congressional Directory. Subsequently, Prissy advised me that the TASS representative had promised to cable the Congressman's request to Moscow, but fudged on whether he would give the Congressman a copy of that cable.

11. [ ] Together with [ ] of this office met with Paul Summit, Chief Counsel, Senate Judiciary Subcommittee on Criminal Laws and Procedures, and discussed pending legislation on electronic surveillance. See [ ] memorandum for the record.

12. [ ] Delivered to the personal secretary of Representative Paul N. McCloskey, Jr., (R., Calif.) the first page of "Sam Adams" papers which were reviewed and declassified.

[ ]

14. [ ] Received a call from Mrs. Stevens at the Embassy of Iran. She had read in the June 1st New York Times of a CIA publication entitled "The Soviet Economy: 1974 Results and 1975 Prospects," and wanted to know if the Agency would send a copy to the Embassy. I pleaded ignorance of the document in question and promised to let her know if it was generally available. After checking with Mr. Thuermer, I informed Mrs. Stevens that the document was available through the Library of Congress DOCEX program, and that this would probably be the fastest way to get the report. Mrs. Stevens seemed satisfied to obtain the document from the Library. I subsequently notified [ ] /DDO, of Mrs. Stevens' interest.

15. [ ] Received a call from Jack Maury who said that Secretary James R. Schlesinger may go before the Senate Armed Services Committee on the 9th or 10th of June on Diego Garcia. He was interested in the Agency's testimony on Soviet presence in the Indian Ocean before the House Foreign Affairs, Investigations Subcommittee earlier in the year. I said we could not, under the ground rules, give him a copy of the transcript, but that I would have [ ] who attended that briefing, call and give him the flavor of the testimony.
